When it comes to Netflix movies, 2022 really upped the ante with some of [the best original movies](#) (<https://netflixlife.com/2022/12/20/best-netflix-movies-2022-2/>) we've seen from the streamer. There were action-packed blockbusters, laugh-out-loud comedies, and tear-jerking dramas galore. Thankfully, 2023 will keep the good times — and movies — rolling.

The year kicked off on a high note with the Christian Bale-starring mystery thriller *The Pale Blue Eye* and continued with a romantic comedy from Reese Witherspoon and Ashton Kutcher, the long-awaited *Murder Mystery* sequel, and *The Last Kingdom*'s follow-up movie.

Throughout the rest of the year, we have a long list of thrilling and captivating Netflix movies to look forward to, including *Heart of Stone*, *The Killer*, *Rebel Moon*, and so much more!

Last year, Netflix promised that we would receive new movies every week, and they appear to be keeping that promise well into 2023. There are many, many **new Netflix movies coming in 2023 (<https://netflixlife.com/2022/12/12/best-netflix-movies-coming-in-2023/>)** to be excited for, and we're sharing all of the films confirmed for the year so far.

## ***Netflix movies coming in 2023***
